

Barrier Mesh Roll - Heavyweight Barber Pole 50m

SKU: BMRHBP5

Our durable red and white barrier mesh, sized at 50m x 900mm, is backed by a 3-year outdoor warranty, guaranteeing resilience in tough conditions.

Enhanced visibility red barrier mesh with white stripes, designed for heavy-duty usage. This robust mesh is commonly employed to demarcate specific zones within construction, demolition, and civil work sites. Crafted from durable plastic, it's well-suited for prolonged applications, boasting UV resistance and backed by a 3-year warranty. Each roll spans 50 meters in length and 900 millimeters in width, ensuring suitability for challenging outdoor conditions.

Key Features:

- Available in 50m x 900mm rolls for immediate delivery across Australia
- Heavy-duty plastic construction
- Suitable for long-term applications
- UV resistant, ideal for harsh conditions
- 3-year warranty
- Approximate weight per roll: 9kg
