

Barrier Mesh Roll - Premium Heavyweight Railway 50m

SKU: BMRPHB5

Railway barrier mesh in blue and white, available in a 50m x 1000mm roll for immediate shipment. Includes a 3-year warranty for outdoor use.

Durable blue barrier mesh with white stripes, available in 50m x 1000mm rolls for sale and immediate delivery across Australia. This railway mesh is heavy-duty and UV resistant, ensuring longevity on site. It's the preferred choice for projects within the rail corridor, and its blue and white color scheme enhances visibility. Designed for long-term use, this mesh comes with a 3-year warranty and is commonly used on NSW RailCorp Projects and other railway and train projects.

Features:

- Preferred barricade mesh for NSW RailCorp Projects and other railway and train projects
- Roll dimensions: 50 meters long x 1000 mm wide
- Suitable for long-term applications
- UV resistant, built to withstand harsh Australian conditions
- Color: Blue & White
- 3-year warranty
