

Coconut Fibre Weed Mat - 1m x 10m | 1000GSM

SKU: CWM10101000

HEIGER Weed Mats are made from 100% natural, eco-friendly coconut fibre. These natural, biodegradable weed mats for gardens effectively suppress weed growth while allowing air and water to penetrate the soil, promoting healthy plant growth. Easy to install and maintain, our coconut fibre weed mats are perfect for both amateur and professional gardeners seeking a sustainable solution for weed control in Australia.

Weed Mats Made from 100% Coconut Fibre HEIGER Australia offers Weed Mats, also known as coconut fibre blankets, consisting of a thick layer of natural coconut fibres stitched together with biodegradable thread to form a durable mat. These mats are designed to be unrolled and anchored in gardens and landscapes where weed suppression is needed. As the weed mats biodegrade, the coconut fibres provide a natural growing medium for your plants, enhancing soil health and preventing weed growth. Compared to other weed control methods, our coconut fibre mats offer a thicker, denser weave that ensures maximum weed suppression while allowing air and water to penetrate the soil. This promotes healthy plant growth and soil stabilization. The primary function of these mats is to prevent weed growth, making them ideal for gardens, flower beds, and landscaping projects. **Features:**

- Unparalleled quality
- Lasts 2X longer
- 100% Biodegradable
- Comparatively higher tensile strength
- Easy installation
- Resistant to rot, decay, and UV light
- Environmentally friendly

Eco-friendly Benefits:

- Suppresses weed growth naturally
- Enhances soil health
- Biodegrades, returning nutrients to the environment
- Requires no chemical treatment
- High air and water permeability
- Improves seed germination and plant growth
- Facilitates root development

HEIGER Australia's premium Weed Mats offer an eco-friendly solution for effective weed control. Made from 100% natural coconut fibres, these mats are sustainably sourced and ensure minimal environmental impact. Easy to install and versatile for various gardening applications, HEIGER Australia's weed mats provide a long-lasting solution to weed problems, helping you maintain a healthy and beautiful garden. We deliver to all of Australia, including major states such as New South Wales, Victoria, Queensland, and Western Australia. Buy Weed Mats online from HEIGER Australia today and take a step towards sustainable erosion control.
