

Silt Fence - 500m x 85cm | Orange (High Visibility)

SKU: SFO085500

HEIGER Silt Fence is an erosion control geotextile designed to protect your environment. Crafted with high-quality UV-stabilized woven material, our Silt Fence offers exceptional durability and a life expectancy of approximately 2 years. Available in various roll sizes and vibrant colors for easy visibility, our Silt Fence is your answer to sustainable and efficient erosion and sediment control.

Discover the ultimate solution for sediment and erosion control with HEIGER Australia's high-quality, UV-stabilized woven silt fence products. Our products, designed for durability, come with an approximate 2-year life expectancy, ensuring long-lasting protection. Available in 3 roll sizes: 87cm x 50m, 87cm x 100m, and 87cm x 500m, our silt fences are offered in both high-visibility orange and standard green to meet your project's specific needs.
