

## Strand Tie Wire Roll - 2.5mm x 300m

SKU: TWSR300

Fence wire available in a convenient 300-meter roll size, suitable for various general site applications.

Ensure secure and efficient material fixation on your construction site with our versatile 2.5mm diameter strand tie wire. This economical solution offers flexibility and ease of use, making it ideal for tying fencing, shadecloth, and bundling lightweight building materials, among other general site tying tasks. Widely utilized across civil worksites, construction projects, and commercial building sites, it provides durable and long-lasting attachment for various applications, including fixing fencing, bundling materials, tying off material to fence or star posts, and fastening lightweight temporary signs. Each roll boasts a generous length of 300 meters, ensuring ample supply for your projects, and with a wire diameter of 2.5mm, it offers reliable strength and durability.
